January 31, 2022, Immediate Release

The Bell Financial/Coldwell Banker Slalom race for the Marquette Mountain Race Team was a great success last weekend as they kicked off their first race of the season! Many athletes tested their skills and are looking forward to more races as the season progresses.

Marquette Mountain Racing Team Inc. (MMRT), which encourages and trains young skiers in the lifelong sport of alpine skiing. MMRT is a 501(c)(3) organization that was established in 1976. It has been dedicated to teaching the values of hard work and good sportsmanship, and the joys of alpine skiing for the last three decades. Our membership consists of approximately 200 Marquette County youth from ages 5-22. The athletes make the most of the winter season, getting 60 hours of programming from a team of dedicated local coaches and attending races. MMRT hosts 7 home races during the season, at which ski teams from across the Upper Peninsula compete. The organization is entirely volunteer run and each year we seek sponsors to cover the operating costs and keep membership fees at a level affordable for local families.

Race Results are as follows.
